

Vice President of Finance

Location: Fargo, ND

Reports to: Chief Executive Officer

At NDeavor, we are redefining what it means to operate at the intersection of innovation, national security, and economic impact. As the Vice President of Finance, you will help design and implement a groundbreaking financial architecture for a next-generation dual-use innovation foundry. This is a rare opportunity for a visionary finance leader to build a finance and compliance backbone. As both architect and builder, you will lay the foundation for a national model of dual-use commercialization finance, setting the standard for how public-private innovation can be responsibly financed, governed, and grown.

Areas of Responsibility

- Finance & Accounting
- Government Contracting & Grants
- Portfolio & Capital Operations
- Planning, Analytics & Pricing
- Compliance & Risk
- HR - Compensation & Benefits

What You Bring

- Proven ability to lead strategically and perform daily operations in capital-intensive environments.
- Demonstrated success implementing compliant systems and supporting successful audits.
- Experience managing multi-entity consolidations, GAAP closes, budgeting, and forecasting.
- Strong fluency in product costing, inventory controls, and early manufacturing accounting.
- Preferred: CPA or CMA; experience with Unanet/Deltek; ASC 606 revenue recognition; and CMMC or NIST 800-171 familiarity.
